

BUILDING PRODUCTS OF CANADA CORP.

SINCE 1905

Why choose **BP SHINGLES**

- BP shingles are **MADE IN CANADA** by Canadians for our Canadian weather
- BP has the **TOUGHEST SHINGLES ON THE MARKET**: Mystique 42 shingles are FM4473 **Class 3** Impact Resistant and Vanguard 42 IR shingles are UL 2218 **Class 4** Impact Resistant
- We manufacture our shingles using our exclusive formulation of asphalt. As a result:
 - The shingles immediately **LAY FLAT** even in cold weather
 - They retain their granules better
 - They maintain their colour longer
- BP's Weather-Tite™ dual patented sealant bands provide **SUPERIOR WIND AND WATER RESISTANCE**
 - This allows us to offer the **BEST WIND WARRANTY** on the market
 - This also allows us to offer a widened, 1-1/2" Tracknail Nailing Zone to make installation faster and easier
- BP laminated shingles are the largest on the market at 42" in length and 6" exposure, for a faster installation that will **SAVE BOTH TIME AND MONEY**
- BP's Weather-Tite™ Roofing System is the **MOST COMPREHENSIVE**, no-fee, warranty of its kind
- BP laminated shingles are fully warranted down to even a 2/12 slope¹
- High-quality local raw materials sourced from **CANADIAN SUPPLIERS**
- The asphalt we manufacture is made from 100% Canadian oil
- BP has been in business and **INNOVATING FOR OVER 110 YEARS**, with plants in Edmonton (Alberta), LaSalle (Québec), and Pont-Rouge (Québec)
